

Critical Information Summary

New Number Plan 10GB

Information about the Service

Service Description

Plan fee of \$15 which comes with voice and internet data allowance, billed per 30 days and must be paid for in advance. This service operates on the fast Optus 4G enabled network. **Please note usage details online and SMS notifications are according to data retrieved from the network which can have a delay of up to 48 hours for standard services items and more for other items such as International calls, roaming etc.**

Changing your Plan: You can request to change your mobile plan online at www.etel.com.au/account. New plan rate and fees will apply from the day when your new plan starts.

Coverage: Customers can only get 4G speeds with a 4G-ready phone (LTE 1800/850 MHz) in Optus 4G plus coverage areas as per the detailed map listed at <http://www.optus.com.au/shop/mobile/network/coverage>. When inside 4G coverage areas, the actual speeds vary due to the factors such as location, distance from the base station, user numbers, hardware & software configuration and download source/upload destination etc.

Minimum term

There is no minimum term, change or cancel your plan at any time and your service period will cease at the end of the current service period.

How your usage allowances work

Allowances of Voice and Data usage: Your Voice allowance and Internet Data allowance is available for your use during the 30-day billing period. A new billing period begins with renewed allowances on the day when you have used up either your voice allowance or data allowance OR the day after the last day of the billing period, whichever comes earlier. Any excess usages will be brought forward to the new billing period.

Suspension: When you have no valid allowances remaining, your service will be suspended.

Your billing period and excess usages

Each billing period has a maximum duration of 30 days. There are no excess usage fees for these plans, instead, if you run out of data allowance or call allowance, your billing period will automatically renew, any excess usages are brought forward to your new billing period.
